“Do you think the Sea Monster will be able to see it?” Rex

“If we put a sign on the top of the Sea then the Sea Monster will see it!” Sophia

“I’m making an X marks the spot so he knows where to go” Luana

COME ON, LET'S CALL HIM
...1...2...3...

*I'm going to
make another
trail for the Sea
Monster*

Amber

SEA MONSTER!

I HEARD HIM,
HE SAID HE'LL COME NEXT TIME!

“When two waves get close together they combine” Rex

“When the waves come there’s like a round and it sort of comes then disappears. I want to know how that happens. Oh actually I watched it - they don’t actually disappear, they just shrink backwards and then forwards again” Amala

'We found an all alive limpet!' Maya

"We need to stick it to a big rock and dig it in to the sand and dip it into the sea" Amala

"I'll go and get a big rock! We will put it right by the water, it needs water!" Sofia

"We need to get it right by the end of the groyne" Amala

"I'll pass it down!" Rex

"We need to find the right place and hold it down to stick or it will drown, limpets can't swim!" Amala

"I think limpets are a bit like mussels, they are everywhere when the water goes out! The waves will take the limpet all the way back to the windmills." Maya
